Hi s 22(1)(a)(ii) [redacted]

How are you?

I had an inquiry about the new Future Made of Australia logo that Senators Ayres wore on TV this week.

It was the Australian map with the mechanical screw behind it saying Future Made in Australia.

I wanted to get a response to the following questions please:

1. Is this the new logo in response to criticism of the government using the Australian Made like logo?
2. Did the government launch the new logo in response to the Australian Made campaign ltd raising concerns about their symbol being copied for the original future made in Australia campaign?
3. What was the cost of this new logo?

Could I please get a response by 5pm? Thanks so much!
